

# Banking your donations

## Use Everyday Hero to collect online donations

Online fundraising is a quick, effective and safe way to raise funds. The Cancer Society works closely with Everyday Hero, an online fundraising platform which enables you to easily set up a personalised webpage for your fundraising.

Everyday Hero allows your supporters to securely donate online to your fundraising activity, and donations are automatically processed and transferred to the Cancer Society.

Visit the web address below to set up your Everyday Hero page, and share it with your supporters to encourage the donations to start rolling in!

If you're collecting cash donations and your donors would like receipts, you will need to fill in the donation receipt form included in our community fundraising pack and return it to the Cancer Society to issue receipts.
